Observations... From Around Town

(BY JAY WHOZIT)

There certainly must be something to the old saying, "believe about half of what you see and nothing of what you hear," because last week this time rumors were flying thick and fast that all slot machines and all forms of gambling would be stopped at midnight Saturday, but nothing at all happened.

... we wonder why? ... now we understand only the race horse books are being closed ... it doesn't make sense ... with the temperature way up in the nineties and the humidity just as high, it's no wonder we get up in the morning feeling just as tired as when we go to bed at night.

... a New Orleans newspaper last week carried an editorial stating that Bay St. Louis because of its had financial plight, making it impossible to repair our beach road and other damage caused by the hurricane of two years ago, is losing much of the tourist trade which normally came our way, and suggests that something be done immediately either by the authorities or the people themselves, if our town is to regain its popularity of former years.

... the church fair for the benefit of Our Lady of the Gulf church netted more than \$2700 and Monsignor Gmelch is grateful to all who assisted in any way toward this success. ... several cases of polio have been reported in Hancock county, and parents are asked to keep their children out of crowds and not to let them go swimming for the time being, at least, and to take every other precaution necessary to curb this dread disease. ... The Brothers of Saint Stanislaus are now enjoying a few days of well-earned rest after closing their five-week camp last Saturday. ... the new building being built for the new J. R. Scharff Jr. store on the corner of Main and Second streets is rapidly taking shape and should be ready for occupancy within the next few months. ... we understand the building now occupied by the Scharff grocery has been rented for a new business. ... all city water rentals were due for the year 1949-50 on July first and if you haven't yet paid yours, you may do so now because under the law your water supply could be cut off, if it isn't paid within a specified time.

County Reports Two Polio Cases

Two cases of infantile paralysis have been reported in Hancock county, both cases in July, according to Dr. C. M. Shipp, director of the County Health Department.

"Many inquiries are made to the Health Department in regard to the prevention of poliomyelitis," he stated.

"Every group of scientist and every individual who is an authority on this disease has advised against the grouping of children. This advice should be followed regardless of the excuse for the gathering.

"The Health Authorities are aware that wherever there is a case of poliomyelitis there are nearby many carriers who are distributing, either through their intestinal or respiratory tracts the germs responsible for this disease and the above advice is based on this fact," Dr. Shipp explained.

Wide publicity has been given to these recommendations. The church and the college authorities are giving complete cooperation in this preventative campaign.

"The Health Department will not close any school, picture show, summer camp, nor any other activity where children compose the group," the doctor asserted. "The mothers who send their children to these gatherings and the sponsors who insist in placing these children in groups during this impending epidemic of poliomyelitis must assume the responsibility involved."

DIXIECRATS CONDEMN PRO-TRUMAN GROUP'S REORGANIZATION

The Hancock County Democratic Executive committee in special session last Tuesday and passed a resolution similar to the one passed by the State Democratic committee in Jackson.

The committee condemned action of the pro-Truman group in trying to form a new State Democratic committee, as the State Democratic committee, and the various County Democratic committees were all elected in accordance with the laws governing the election of such groups.

The committee also urged the people of Hancock County not to take part in or to attend the Jackson meeting which was scheduled for July 19 by the Pro-Truman committee.

ELECTRIC POWER ASSOCIATION IS GRANTED NEW R. E. A. LOAN

The prospects of furnishing electric service to all rural families in Hancock, Harrison and Pearl River Counties was advanced greatly by approval of a new REA loan of \$350,000 to the Coast Electric Power association of Bay St. Louis, Dr. C. W. Fountain, president of the board of directors announced this week. The new loan will be used to finance new line construction, to install an additional sub-station, to provide for installation of two-way radio equipment and construct a headquarters building.

MORE LINE, MORE USERS

The Co-op now has approximately 1200 miles of power lines which bring electric service to 4250 rural consumers. Upon completion of its present building plans, the system will be increased to about 1400 miles of line serving some 5000 or more rural consumers, the president said.

"It is our purpose to see that rural electrification in our area keeps pace with its advance in other sections of the country," Dr. Fountain declared. "Congress has indicated its interest in rural electrification by making about two billion dollars available for loans since 1935. The greater part of this is being utilized by rural electric cooperatives such as ours. This Federal rural electrification program has been a leading factor in raising Mississippi's percentage of electrified farms from about 1 in 10 in 1935 to 5 out of 10 today.

ALL WHO WANT IT

"We're going ahead with plans to serve the greatest possible number of rural people in our area. We operate on an area coverage basis—in other words, we hope eventually to bring service to every rural resident who wants electricity instead of only those in our more thickly settled communities.

"In addition, we recognize our obligation to provide service which is adequate to our expanding needs. We have rebuilt our living arrangements and our farm production around electricity, and it must be provided continuously and in ample amounts."

ADVANCE PAYMENT

The Rural Electrification act requires that REA loans be repaid over a maximum 35-year period and carry 2% interest. The cooperative received approval of its new \$350,000 loan only after REA had completed a thorough study of the application. This study indicated that the cooperative will be able to carry out its plans and have adequate revenue from consumers' power bills to meet operating expenses and repay, with interest, all money borrowed from REA for its rural power facilities, Dr. Fountain said. Rates charged consumers by the cooperative are based on the actual cost of service.

Since the Coast Electric Power association was organized in 1939, and prior to this new loan, it has received \$1,321,000 in loan fund allocations from REA. The co-op is meeting payments on schedule and has paid REA a total of \$228,350.00 in principal and interest on its loans, Dr. Fountain said, with \$32,000 of this amount paid in advance of the date it was due.

CONGRESSMAN COLMER URGES SUPPORT OF RURAL PHONE BILL

"Rural electrification is the greatest contribution made to the comfort and well being of the rural peoples of this country," Congressman William M. Colmer, 6th congressional district, told the House in the debate upon the Rural Telephone Bill today. The Mississippiian, a member of the powerful Rules committee of the House, who brought the Rural Telephone Bill to the floor, said further, that the benefit of telephone service for these rural people is now as necessary as rural electrification was when that bill was enacted.

Mr. Colmer, in urging passage of the bill, said in part: "Mr. Speaker, I am an old-fashioned American. I believe that, in order to have a healthy America, we must have a healthy rural people. If it is left to the people of the rural areas of this great country we would never have any communism or any other foreignism. The rural people of this country are possibly more responsible for the splendid system of free government that we enjoy than any other segment of our people. I do not mean by that to cast any aspersions upon those who dwell in our great urban centers. But, I think it is a matter of common knowledge that these foreignisms originate and flourish more in the congested centers than they do in the rural areas.

Therefore, if we are to continue as a great free people it seems to me that one of the primary considerations and objectives of ours is to see that our rural people are prosperous and are content, and thereby, so far as possible, the constant trend of our great urban centers. So this is another step to bring about that healthy condition in our rural areas to try to prevent, as far as possible, the trend of our rural people to move into the great urban centers."

JACK BRAGG DIES AS RESULT OF 40 FOOT FALL IN PITTSBURG

Mr. and Mrs. Oscar Bragg have returned from Birmingham, Ala., where they went to attend the funeral of Mr. Bragg's brother Gladstone (Jack) Bragg who died Thursday, July 14 in Pittsburgh, Penn. Mr. Bragg, resident of Pascagoula and former resident of Bay St. Louis, fell 40 feet while doing construction work in Pittsburgh Wednesday, July 13 and died at the hospital there Thursday of cerebral hemorrhage.

Mrs. Bragg went by plane to Pittsburgh and accompanied the body to Birmingham where the funeral was held. Interment was in Ebenezer cemetery with the rites of the Methodist church.

Surviving are his wife, three daughters, Betty June Bragg, 18; Jacqueline Bragg, 7; Caroline Bragg, 2; a son Robert Bragg, 12, all of Pascagoula. He also leaves his brother Oscar Bragg of this city, and an aged aunt Mrs. Lovenia Mulky of Atlanta, Ga., who with her daughter, Myrtle Mulky, came to Birmingham for the funeral.

Mr. Bragg and his family have made their home in Pascagoula for several years. He had gone to Pittsburgh with the construction company with which he was associated.

Theatre Slates Annual Barbecue

The Little Theater will give its annual barbecue tomorrow night at Dupaque's Ten Oaks Farm.

Juicy tempting cuts of meat, barbecue, cold drinks, games, dancing, and drawing for an entrance prize of ten dollars will be some of the main features. Every ticket sold will give the holder a chance to win a money, so not only can you have a wonderful evening, but some lucky person will go home ten dollars richer than when he came out.

Due to polio rumors, Dr. Shipp has been consulted as to the advisability of having the barbecue party; in his opinion it is perfectly safe. As a precautionary measure the grounds will be sprayed during the day.

Meet at Dupaque's Ten Oaks Farm with your family and friends and have an evening of fun and good food.

YACHT CLUB WORK IS ON SCHEDULE; URGE PAYMENT OF PLEDGES

"Construction of the Yacht club is coming along according to schedule," John Bell, contractor said Wednesday.

"We have sufficient funds on hand to complete this fine structure that will be a credit to the town and county, but not enough has been paid to complete the harbor and furnish the club house."

He urges all subscribers who pledged financial assistance to this enterprise to mail in their pledges to Yacht Club Inc., Bay St. Louis, Miss.

Another in the series of lightening class sailboat races was won by Jack Bell Sunday at the Pass Christian Yacht Club, Mr. Bell said.

The race was sailed in fluky wind and a strong tide. Sonny Wolfe gained the lead once in the second round, and at one time Mickey Sheehan held the number one position.

The order in which they crossed the finish line, however, was: Jack Bell, first; Mickey Sheehan, second; Sonny Wolfe, third; Herb Hanson, fourth, and Billy Richardson, fifth.

Pest Control Program Gets Underway

Five hundred and thirty-five dollars has already been collected and one spraying performed in the campaign to rid the city and vicinity of disease carrying insects, O. W. Delph, chairman of the Chamber of Commerce spraying committee announced Wednesday.

THOROUGHLY SPRAYED

Subscriptions to the drive thus far were made by the following Hancock Bank, \$200; Merchants Bank, \$200; Chamber of Commerce, \$75; Dan M. Russell, Jr., Howard Lefisier, Homer Gregory, B. L. Ramsey, Lamar Otis, and O. W. Delph, \$10 each.

Sponsored by the Chamber of Commerce the campaign is aimed at ridding this area of flies and mosquitoes which are thought to be the principal means of transporting such diseases as amoebic dysentery, malaria and polio, Mr. Delph said.

George Mitchell of Pass Christian has been engaged to do the spraying.

Police Close Down On Race Horse Hand Books Operating Within City

Chief of Police Alcine Saucier, under orders from Commissioners Sylvan Ladner and J. Cyril Glover, closed down on race horse handbooks operating within the city limits of Bay St. Louis.

Three establishments were effected by the order. They are the Knock-Knock Club, the Sand Bar, and Joe's Orleans Bar all located on the beach in the principal business section of town.

Issued by the commissioners Wednesday morning, the order was passed on to the hand book operators by Chief Saucier that afternoon.

"Also, every bar and place of amusement in the city limits has been notified that they must close by 1 a. m. on weekdays, by 2 a. m. Sunday mornings and all day Sundays," the officer said.

Handbooks were the only form of gambling effected by the order. The commissioners admitted having given the order but had not other comment to make.

Mayor Warren Carver states that he knew only that the order had been issued but was not consulted on the act. He had no comment.

Camp Stanislaus Ends 21st Year

Camp Stanislaus closed its twenty-first season, Saturday, July 16 with exercises in the college gymnasium, for approximately 175 boys.

Following five weeks of swimming, tennis, darts, baseball and other competitive sports awards were made to the outstanding campers.

Terence Mackin was the camper selected to receive the special Borden Peter memorial trophy.

In group 1 Carl Schenckmayer received the character trophy; Gerard Scavo and James Dean received character medals. Group II award winners were Pat Reagan, trophy; Graham Kramer and Greg Lawrence, medals. Omer Kuebel, Group III, received the trophy for his division while Richard Herpin and John F. Vincent were awarded medals. The character trophy was awarded to Ronnie Haydel in Group IV and medals were also awarded to Dwight LeBlanc and Ewell Smith. In Group V Billy Jennings merited the trophy and Byron Ruth and Robert Brown medals. John Erickson was presented the character award for Group VI while Deede Lestage and Ted McElligott were given medals.

Ideal Camper awards were presented to Paul Fasull, Carl Geneser, Roland and Leon Touns, Bernie Greenrood, George Burgess, and Tommy Haydel.

Boys selected as the Ideal Camper of the Week were Gerard Scavo, Group I; Joe Ross, Colling, Group II; Mike Seibold, Group III; Jerry Dours, Group IV; Maurice Golsel, Group V; and Terence Mackin, Group VI.

Mickey Vivien received the sportsmanship award, and Eddie LeBlanc the award for the most amusing camper.

Home Demonstration Club Plans Meeting

The Bay-Waveland Home Demonstration club will meet Friday, July 22nd at 2:30 p. m. in the home of Mrs. J. J. Mauffray, 221 St. Joseph Street, Waveland. Mrs. L. T. Boyd will serve as co-hostess and the demonstration is to be "Recaning Chairs."

Chester Lee Makes Statement Concerning County Work Done

Chester C. Lee, road contractor of the Letchworth community of Hancock County, in an interview made the following statement:

During the months of September, October, November and December, in 1946, I was hired by the Board of Supervisors of Hancock County, Mississippi to gravel approximately 32 miles of public roads in district four of Hancock county. During this period I placed upon the roads in district four 18,573 yards of gravel for a total of \$37,146.00, which amount was paid to me by the board of supervisors. This gravel was all checked and tested by the county engineer, J. R. Rollins, and by the time checker, Doffie Favre. As I am not a lawyer and know nothing about the laws of the State of Mississippi relative to such matters, I do not know whether the board was technically authorized to make this expenditure, but I do know that I was hired to do a definite job for a definite price, and that I did the job as specified. I do know that I dealt with the official body or board which I, as an average citizen, have always been led to believe, is the official governing body of the county, and that I carried out my end of the job to the letter. I feel that when this official governing body of the county contracts with me to do a job at a price, there should be no obligation placed upon me to investigate the technical limitations which may be placed upon their authority to act, particularly when one of the principal functions of this body is to do just what was done in this case, namely, the building and maintenance of public roads. In other words, the situation boils down to the fact that the state turned over to the board of supervisors a certain amount of money to be spent on roads in the county; this money, as can easily be proven, was spent on the roads of the county, but because, through some oversight, there was no resolution passed by the board saying that each of these particular roads should be improved in this manner, then the board of supervisors should be called upon to pay back to the people money which was spent for the benefit of the people and for which the people have received full value. Certainly this is not the American way. Certainly this is not logical.

Fayard, Finhold Installed At Joint Legion Meeting

Fred Fayard, Sr., Commander, and Miss Florence Finhold, president of the Auxiliary, were installed at the joint installation of the American Legion Clement R. Bontemps Post 129, Tuesday, July 19, at the Knights of Columbus hall. Eugene Tibbett, Biloxi, 17th district commander was the installing officer for the Legion and Mrs. S. J. Pittman, president of the 17th district affiliated for the auxiliary.

Other members who took offices for the year were Osmond A. Blizze, adjutant; Warren Buehler, 1st vice-commander; Bert Stosur, 2nd vice-commander; Horace Rupp, sergeant-at-arms; Gordon Romanoff, historian; Woodrow W. Weber, service officer; Dan M. Russell, Jr., judge advocate; Laurent Dickson, chaplain; Bryant Graham, finance officer; and Vincent Lagroge and Warren Sick, color bearers.

Officers for the auxiliary for 1949-50 are: Mrs. G. H. Davis, vice-president; Mrs. J. C. Romanoff, secretary; Mrs. Laurent Dickson, treasurer; Mrs. F. J. Nelson, chaplain; Mrs. Ida Telhiard, historian; and Mrs. Charles Byrd, sergeant-at-arms.

Lumberton - Bay Split Double Bill, Fourth In League

In the first game of a split double-header Sunday, the Bay St. Louis ball club pounded the Dixie Semipro league leaders for 10 hits, but managed to grab only two scores from the pot. Bay pitcher, Buddy Pitano, gave up only four hits, three of which were converted into runs.

BAFFLED BEGINNING

The game was fouled up from the start. When the Bay boys arrived in Lumberton they found a soaked field. The scene of the game was shifted at the last moment to Purvis' hillside diamond where the drainage is better.

Bay team managers attribute the awkward outcome to good fielding by the Lumberton players and several costly errors on the part of the local boys.

Winning pitcher for Lumberton was Southpaw Specs Ladner.

BAY IS FOURTH

The nightcap ran true to form. Both Mobley of Lumberton and Browning of the Bay allowed four hits. Here, however, the Bay club garnered two runs while all Lumberton hitters were left languishing on base.

Several games in the league were rained out Sunday. The split with Lumberton leaves the Bay team in fourth place, ties Lumberton and Moselle for first, and pushed Picayune into the number three slot.

Sunday Wiggins will come out of cellar long enough to journey to Bay St. Louis for a doubleheader at Morreale's park. Game time is 2:30.

**Lamar And Waldo Otis
Buy Mission Bottling Plant
From U. S. Cuevas**

The Mission Orange Bottling works was sold by Ulysses S. Cuevas, July 20 to Lamar and Waldo Otis. Under the new ownership the plant will be operated under the name of Bay Bottling Works, Mr. Lamar Otis said.

The new owners will retain the franchises held by the former owner. Products handled will include Hires Root Beer, Mission Orange, Strawberry, Pineapple and Cream, O-SO Grape and Cheerup.

NO CASH AVAILABLE FOR BUILDING NEW ROADS, GROUP TOLD

The highway department has no money available for construction of new roads in the southern district of the state at this time and will not have this money until a whole new road building program gets underway. This was the gloomy closing remark of John D. Smith, highway commissioner for the southern district, at a meeting of citizens interested in road building and repairs. The meeting was held at the Markham hotel in Gulfport, Wednesday.

PENNY FOR PENNY

As of July 1, Mr. Smith, who served as chairman of the meeting, said the federal highway department has made available to the state of Mississippi, some \$15,000,000 for road and bridge construction, provided the state will put an equal amount toward the project.

Under present conditions and with the present revenue it receives, the state highway department is not able to match the federal government's offer, Smith stated. He explained that in fiscal 1948, the department had \$5,750,000 to pay its personnel and to be used in road and bridge maintenance and construction. Of this amount, he said, four million went into maintenance of the present highway system leaving \$1,750,000 that could possibly go toward the government sponsored road program.

MORE REVENUE

"If we are going to match this government offer, so Mississippi can get this \$15,000,000 from the federal department, we've got to have additional revenue," Smith insisted, pointing out that the highway department's only source of revenue is three and a half cents of the six and a half cent tax on gasoline collected by the state.

Smith denied that the purpose of the meeting was to work the people up to a raise in the gasoline tax. But he suggested that a two and a half cent increase would support a \$120,000,000 bond issue. A one cent raise, on the other hand would only support a \$50,000,000 bond issue, which, when broken down among districts and counties would give no one branch enough to carry out a useful program.

READ AND SUGGEST

"Demands for roads was so great," Mr. Smith declared, "that the state government felt a full scale study was necessary to determine just what the road needs were. Gov. Fielding Wright appointed the highway planning committee to make the study. Report will be ready for submission by Oct. 1, the chairman continued.

HIGHWAY 90 PROBLEM

The commission's report, it is believed, will show just what the state needs in the line of roads and bridges and just what the cost will be. Highway 90, the state's main artery of transportation is considered by many to be a special problem, outside of regular maintenance projects, and members of the highway department are seeking to have this highway considered in special legislation.

Bringing the discussion down to the local level, Mayor G. B. Cousins of Biloxi pointed out that streets within the municipalities are sorely in need of repair. Their condition, Gulfport's Mayor Evans added, is due to the extremely heavy load carried by many large vans over roads not built to stand the strain. He pointed out that on one occasion a truck carrying upward of 20 tons was weighed in on a road built to stand a load not exceeding 5 tons.

ASK DEPARTMENT'S HELP

Mayor Evans' suggestion was that the state legislature pass more rigid weight restrictions. Mayor Cousins asked the highway department's help in repairing and maintaining streets and roads used as much by through traffic as by local traffic.

PROGRAM HALTED

The summer recreational program will be discontinued two weeks or until the polio scare clears up, Coach Ellis Guillory, director, announced.

NEW GROCERY STORE WILL BE COMPLETED IN ABOUT 2 MONTHS

Construction of the new Scharff grocery store at the corner of Main and North Second streets will be completed in approximately two months, C. C. McDonald, said Tuesday.

The modernistic structure, which will house the Jitney Jungle Supermarket, will be 50 by 85 feet in dimensions. C. C. McDonald, Jr., is the general contractor. Hooten and Turner of Houston and New Orleans are the architects. Mr. McDonald said.

Modernistic in design, the store will sport a plate glass front and large "in & out" doors. Mr. McDonald pointed out that the building is set well back from Main and Second streets providing ample parking space for customers.

MORE TRUTH THAN POETRY

From the New Orleans States comes the following editorial: "Bay St. Louis' commission council has scraped the bottom of the barrel, contemplated the meager residue, and worries over where the next city pay roll is coming from. There isn't any mystery about where it has gone.

"Former city officials stand charged, at the instance of state auditors, of looting Bay St. Louis of about \$90,000 of cash, services and materials. This brought on the embarrassing predicament. But worse than discovery of the defalcations, we fear, is the amazing complacency of the town populace. The people have not been checking up on the public affairs. As so often happens, employees not given occasional scrutiny, become terribly inefficient, or worse.

"While the public money has been wasted away, Bay St. Louis, nearly two years after the 1947 hurricane, presents to visitors, a faded, frayed, down-at-the-heels appearance. Much of the scars and wreckage of the storm remain; roads and streets have not been improved as they ought, New Orleanians who for decades have delighted to go to the Bay for week ends, vacations, occasional jaunts for recreation, now go elsewhere.

"If the Bay's public money had been honestly spent by competent officials for improved streets and roads, nice recreation grounds, improved bathing beaches and other facilities for the visitor or vacationist, that section might still be New Orleans' most popular beach resort.

"But maybe the folks at the Bay did not care. Well, it is their funeral. To date we haven't noticed that any citizen's group or civic organizations have run a temperature over misgovernment, or gotten red-faced from anger at contemplation of it, or, clenching their fists, are declaring that 'Such things have got to stop.'

Regardless of how we may feel about the harm that may be done by editorials of this type we cannot help but acknowledge that there is more truth than poetry expressed in it.

Of course the blame must be laid at the feet of the then governing body of our city. Nevertheless, the business and civic leaders of our community also have a deep responsibility for the lack of improvements in Bay St. Louis.

The attitude of businessmen that civic matters are not their responsibility prevails here, perhaps, more so than in many other localities. When an average businessman is approached and asked to take part in the advancement of a civic enterprise, the usual answer is that he cannot afford to because he would be charged with playing politics, or else he is afraid of retaliation. To us these are the poorest excuses that can be offered. After all, the welfare and upbuilding of our community means the life and existence of the businesses located here. Politics, as we see it, is the expression of a choice as between individuals. The urging of a public body to pursue certain civic improvements, or to lead a fight in a movement that would aid in the betterment of our city, or to arrest conditions which are detrimental to our well being, is not politics.

Of course we have pointed very forcibly to the evil which we think lies at the bottom of much of our economical and political trouble in Bay St. Louis and we know that many others, including the majority of our city council, feel that the rackets are the basic cause of this unwholesome condition. Yet not a move is made to remove the underlying cause and a mere handful of selfish individuals are allowed to ply their illegal activities, corrupt public officers and attempt to destroy the confidence of men in themselves by threat and intimidation.

Bay St. Louis, in spite of our inactivity, has grown in the last few years; however, we should stop and think how much greater our advances would have been under able, active and conscientious leadership.

Commissioners Ladner and Glover have had a vote of confidence. The need for further publicity of their actions, pertaining to the fiscal affairs of the city, is not necessary. They have already been judged. The people of Bay St. Louis are dependent upon these young men to rid the City of slot machines and of the control of racketeers. Their only effort up to this time has been, so we understand, to issue an order to close the handbooks. This does not meet their obligations. Their actions are being very closely watched. Could it be, that a more sinister influence is developing in our midst to control the actions of our commissioners?

No influence should be allowed to overwhelm the will of your people, expressed in the last three elections. Yes, they have won the fight and have as yet, lost the righteous cause upon which their battle was pitched. When you strike at the heart of the evil which is corrupting our politics, and staggering civic improvements, editorials as the one quoted above will not be written, and you will have given a much awaited answer to a patient people.

Will you afford them the pleasure of being able to say, "Well done, good and faithful servant?" What will your answer be?

From where I sit... by Joe Marsh

Let "Elmer" Do It?

Army rejection showed how prevalent tuberculosis still is. But instead of feeling that "the government ought to do something about it," the Tuberculosis Association and our State Board of Health put into service four traveling TB clinics, as a part of the long-range preventative program.

These clinics are completely equipped trucks that go from county to county X-raying everyone who wants it, for free. More and more, Mississippians are getting things done through the old democratic tradition of cooperating for lo-

cal self-help. Like in the Brewing industry, Brewers and beer retailers have their program whereby they cooperate to see that places selling beer are clean and law abiding.

From where I sit, anyone who waits for "someone else to do it" should take a hint from our health officials, or groups like the Brewers and beer retailers, who found ways to get results—for themselves and the public.

DAILY BIBLE SCHOOL CLOSING EXERCISES TO BE HELD TONIGHT

The Daily Vacation Bible school of the First Baptist church will hold its closing exercises at the church Friday, July 22, at 7:30 p.m. The school has been in session for the past two weeks and has had an enrollment of 48 pupils with an average attendance of 39.

The faculty was as follows: Rev. John T. Dearing, principal; Mrs. J. G. Woods, secretary; Miss June Wright, pianist; Mrs. W. C. Dase, and Mrs. Claiborne Ladner, superintendents of the intermediate group; Mrs. J. C. Kelley and Mrs. O. W. Ramsey, superintendents, junior group; Mrs. J. J. Losch and Miss Carol Siren, superintendents, primary group; Miss Shirley Favre and Miss June Wright, superintendents of beginners.

Some very creditable handicraft work done by students has been on exhibit during the session. The soap carving was especially noticeable. Other things made by girls and boys were towels and tie racks, name plates for homes, hand framed pictures, kitchen canisters, splatter painted stationary, scrap books, and Bible school mementos.

These children will receive their certificates Friday evening. The public is invited to attend the closing exercises.

SCHOOL BUS ROUTES CHANGED BY BOARD

The Hancock County school board in regular session last week extended for one and two year periods contracts with 15 rural school bus drivers and terminated the contracts of two others.

The board also announced plans to replace several routes held by individual drivers with county owned busses.

Contracts extended were with Andrew McCarty, Randolph Seal, Elmer Seal, W. B. Pearson, C. C. Ladner, Clifton Dedeaux, Ollie Ne-caise, Walton Wheat, Ed Ladner, Willard Palmer, Mrs. Sid Otis, Charles Lavinghouse, August Cuevas, Harbin Saucier, and Ford Smith.

Contracts terminated were with Donis Cuevas and Salvadore Cuevas.

Routes being replaced with the county's own busses were formerly held by Mrs. Andy Becker and A. J. Moran, Bay High School; N. T. Farmer, Salem E. D. Landrum, Picayune; Robert Lee, Leetown; Jack Shaw, Sellers; Leroy Ory, Elmer Ne-caise, and Purvis Deschamps, Kiln. The county now owns eight busses and has bought six more which will be delivered early in August. The new vehicles will go into operation at the beginning of the 1949-50 school year.

GUILLORYS' INFANT DAUGHTER BAPTISED AT SUNDAY SERVICE

Susan Marie, infant daughter of Mr. and Mrs. Ellis Guillory of this city, was baptized Sunday, July 17, at 3 p. m. at Our Lady of the Gulf Catholic church, Rev. Father Bryant administering the baptismal rites. The sponsors were the baby's uncle and great aunt, Oliver Delery and Mrs. Lloyd Crayon.

The baby's hand-made christening dress and cap have come down through many generations. The cap is of sheer organza trimmed in rosettes of soft silk, and lace and tucking.

A reception was held at the home of the Guillorys on Touline street. The table was covered with an heirloom cloth with napkins to match; the large silver punch bowl was also an heirloom. Centering the table was a beautiful white and pink cake. Throughout the decorations the color scheme of pink and white was carried out. Dainty napkins bearing the baby's name and date of birth were also used. Presiding at the punch bowl were Joyce and Beverly Hodges.

Susan Marie is the baby of the fourth generation of the Delery and Guillory families and has the distinction of having four living great-grandparents. They are Mrs. Guillory's maternal grandfather, Judge Oliver Lividans of New Orleans, Mr. Guillory's paternal grandparents, Mr. and Mrs. Remme Guillory and his maternal grandmother, Mrs. E. E. Tasson all of Bordelonneville, La. Approximately sixty relatives called during the afternoon.

Landmarks of Growth in Farm Telephones

Every day, along rural roadways of the South, you see new telephone poles reaching for the sky.

Telephone service has been supplied to a lot more southern farms during the last three years than during any other three-year period in history. Right now Southern Bell is building rural lines at the fastest rate ever. And total telephone installations in southern rural areas this year will set a new record.

Telephone service is our business, and we are working to get it to those who want it as soon as we can. It'll be good service, too—the kind for which America is famous!

Because the farmer serves everybody, serving the farmer is one of our most important jobs. And we're keeping right at it.

LUMP-SUM PAYMENTS ARE POSSIBLE UNDER SOCIAL SECURITY ACT

If a worker dies leaving no one eligible who could claim a monthly insurance payment in the month of death, a lump-sum payment may be made.

Again, the wage earner must have been either "fully insured" or "currently insured" under this part of the social security program. These terms have been discussed earlier. The amount payable is from \$60 to about \$250, depending upon earnings.

Where death occurred before Jan. 1, 1947, these lump-sum payments go to the widow, widower, children, grandchildren or parents in the order named, but if none of those survive then the lump-sum may be paid to one who paid the funeral expenses.

Where death occurred on or after Jan. 1, 1947, lump-sum payments are paid to the widow, or widower, and only if the spouse was living with the wage-earner at the time of death. If there is no widow or widower, or the spouse was not living with the wage-earner, lump-sum payments may be paid to the person who paid the funeral expenses.

The claim for lump-sum payment must be filed within two years of the wage-earner's death. There are some exceptions for servicemen and their survivors, or where the wage earner died outside of the United States.

This is the ninth in a series of articles on "Your Social Security." In our next issue we shall discuss, "Your Social Security, Things to Remember."

For further information consult your local Social Security administration Field Office, Gulfport, Miss.

Can Black-Draught Help an Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, indigestion, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Mrs. W. C. Winford Feted

Mrs. William C. Winford, nee Miss Vivian Toal, was the honoree at a miscellaneous shower last Friday evening given by Mrs. Anthony Trapani.

The color scheme of pink and blue was carried out in the decorations and the basket favors, centered with a small umbrella, that was presented to the guests.

Waveland News

Miss Sylvia Rabalias, daughter of Mr. and Mrs. Vance Rabalias of Moreauville, La., and Mr. Edward Carrio, son of Mrs. Sidney Carrio and the late Mr. Carrio of Waveland, Miss., were married July 9th at St. Joseph's church in New Orleans, Rev. Father Thompson officiating.

The bride given in marriage by her cousin, Mr. Raphael Rabalias, wore a dress of ice blue crepe with navy accessories, and a white orchid corsage.

She had as her only attendant her cousin, Miss Myrtle Rabalias, who wore a sun tan crepe dress with darker accessories and a corsage of blue carnations.

The groom had Mr. Mark Rabalias as his best man.

Following a reception at the home of Mrs. Ruth Kane, the young couple left on a short wedding trip. For travelling the bride wore a navy suit.

Miss Rabalias is a graduate of Moreauville high school and Hotel Dieu's school of nursing.

Mr. Carrio is a graduate of St. Stanislaus and is now employed by the Southern Bell Telephone Co. in New Orleans.

The Parents club of the Waveland school is sponsoring a bingo party, Thursday, July 28, at 7:30 p.m. Refreshments will be sold; tallies are 10 cents.

A group of young people enjoyed a truck ride and weiner roast on Jackson Ridge. Among those enjoying the outing were Jack Battalora, Mary Anne Leggio, Dot Brennan, Cliff Brown, John and Blanche Callahan, Annie Stell, Shirley and Walter Turcotte, Jimmy Landry, Joe Mollere, Donald and Junior Dorn, and Beverly Bourgeois. Mrs. Fred Bourgeois and Mrs. Charles Schwartz Jr. chaperoned the party.

Mrs. Roger Bordages spent Monday in New Orleans.

Mr. Herbert Mans motored to Florida on a vacation trip. On his return he stopped at Pensacola, Mobile, Biloxi, Pass Christian, and at Waveland where he visited his sister, Mrs. E. M. Genovese. He returned to New Orleans Monday.

Mrs. Albert Bourgeois spent Sunday and Monday as the guest of her son-in-law and daughter, Mr. and Mrs. Roy Page and family.

Mr. and Mrs. M. F. Everett gave a Hawaiian party for the cast of "You Can't Take It With You," and their friends. All were appropriately dressed in sarongs, leis and flowers. Among the guests were Messrs. Joe DeBlanc, Jimmy Landry, Herman Price, Lothar Hornuff, Oliver and Gene Dabazies, and Misses Alice and Rose Gomillia.

Mrs. F. Williams spent a week at one of Father Nubig's cottages.

Mrs. L. J. Comisky has taken possession of her new home on Railroad avenue.

Mr. and Mrs. William Lozes are occupying the Marrero cottage.

The many friends of Mr. Ed Zeller who is on the sick list, wish him a speedy recovery.

Mr. and Mrs. Herman Price and daughter, Miss Leah Price, had as their guests Mrs. Price's nieces, Misses Velma and Myrtle Yarborough and their friends Shirley, Vera and Joyce, all of New Orleans.

Miss Rosemary Holderith spent several days in New Orleans; while there she was entertained at a luncheon in the Fountain Lounge of the Roosevelt hotel.

National Farm Safety Week

Preventing farm accidents is a year-around responsibility, but farm people are urged to make a special safety effort during July 24-30, which is National Farm Safety Week. In proclaiming the sixth observance, which is National Farm Safety Week, President Truman said:

"I request all organizations and persons interested in farm life and welfare to join in this continuing drive... and I also urge each member of every farm family to study the hazards associated with rural life with a view to performing all tasks in the safest manner possible."

Farm accidents can be stopped only by stopping unsafe practices as requested in President Truman's proclamation, said M. S. Shaw, assistant Extension director and chairman of the Mississippi farm safety program.

The tragic toll of farm accidents in which persons were killed or injured continued in 1948, according to the National Safety Council. Fatalities numbered 18,500 last year, and those injured exceeded 1,755,000.

Falls of persons in the leading type of farm work accident, the National Safety Council has found. Accidents involving machinery rank second, while those involving animals and hand tools about tie for third place.

Use a check list to find sources of danger and remove them, agricultural leaders advise. A few of the numerous places to look for danger follow:

To prevent falls see if any stairs lack handrails or are in need of repair. Are there rotten boards or planks in porches or haylofts? Ladders should be repaired, if broken in any way.

All mechanical equipment should be properly guarded. Also, loose fitting clothing may get caught in moving machinery.

Electricity can be dangerous. Check electric cords for fraying. Homemade electric fence controllers are often a hazard. Are the correct electrical fuses being used?

While thinking about electricity, consider adequate lighting inside the barn and about the yard.

Check hand tools and repair any which may be found defective.

Prevent fire by proper disposal of oil-saturated or paint rags. Be careful how matches are carried and used, and keep them out of the reach of children. Remove weeds, brush, old lumber or other fire hazards around buildings.

Store properly explosives or flammable liquids. Make certain that poisonous insecticides are stored out of reach of children.

Unprotected pools are a hazard. Remove any tripping hazard, especially on stairs. Rubbish in the yard, field or garden should likewise be removed.

Unsafe workers are fully as dangerous as unsafe working conditions. Stop careless, unsafe practices, and make good ones a habit.

Confine Broilers

Only birds being grown for replacement flocks should be allowed to range outside, poultry producers are advised. Broilers should be grown in confinement the entire period.

Provide plenty of good fresh mash for the birds. Chicks will make a much faster and economical growth if they receive proper food.

Chicks grown for replacement flocks may be fed chick grain when the birds are three to four weeks of age. Most broiler producers do not feed grain other than the first two, or three days when starting the chick on feed.

Water is the cheapest feed, and the chick's body is about 55 percent water. Provide a good water supply for healthy and rapid growth.

Mr. and Mrs. B. Berches had as their guests over the weekend, Mr. and Mrs. A. H. Green of New Orleans. Mr. Green is proprietor of the Green's Linotype service.

Clermont Harbor News

Mr. and Mrs. Jules Schroth and Bubbles spent the weekend at their summer home on Bordage Street.

The Eddie Martin family and friends spent the week end at the home of Mrs. A. J. Carrick.

Mr. Buck Ladner left Sunday night after visiting his mother, Mrs. Eva Ladner.

Mr. and Mrs. Alton Sojohn have visiting with them, Mr. Sojohn's mother and nephew Ronald.

Jocelyn Bourgeois is vacationing with her grandparents, Mr. and Mrs. Jake Usher.

Ellen Beach left Sunday for her home in New Orleans. From there she will leave Wednesday for Puerto Rico.

Mrs. Mouldous has returned to her summer home after a trip to New Orleans.

Mrs. Don Meyers of Lubbock, Texas spent the week end of July 9 with her parents, Mr. and Mrs. Joseph Garcia, in Clermont Harbor. From here she travelled to New Orleans for a short visit, then flew home to Lubbock accompanied by her son, Joey.

The Bennett is planned to have wide overhanging eaves, a picture window and stone or brick facing on the living room walls. These features add interest to the front elevation. The balance of the Bennett has wide siding. Concrete or cinder

blocks can be substituted for the exterior walls. The roof is covered with asphalt shingles. Addition of a garage to the side of this small house gives it a spacious appearance from the front.

The generous amount of closet

space, small bathroom to all rooms and simplified plumbing installation with kitchen and bathroom adjoining, make the floor plan arrangement of the Bennett exceptional. There is a total of nine closets. A coat closet for each entrance, broom and pot and pan closets in the kitchen, a linen closet in the hall and two closets in the bedroom offer additional wall space for furniture. The main body of the Bennett is 38 feet by 24 feet. It has an area of 817 square feet, without the garage. There is a volume of 17,423 cubic feet, including the full basement.

For further information about the Bennett, write the Small House Planning Bureau, St. Cloud, Minn.

To The Voters And Taxpayers Of The Town Of Waveland

Waveland as I see it, and Waveland as you should know it, when you read the following facts, as contained in a motion I made at the July 12th, 1949 recess meeting of the Mayor and Board of Aldermen.

In strict accordance with the economy now necessary on account of the financial condition of the town of Waveland, I hereby make a motion to reduce all salaries of the Mayor, and four Aldermen, the Town Clerk by one half their present salaries, and to abolish the job of Special Police Officer, this would effect a saving of \$299.00 (Two Hundred and Ninety Nine Dollars) per month, and would help to get the Town straightened out, and on a sound financial basis before our term of office expires.

As Alderman of the 1st Ward of Waveland I feel that the salaries of all officials, and the Clerk are too high, and should be cut at once; the Mayor receives (\$105.00) per month, and attends one meeting of approximately 2 hours, the four Aldermen receive (\$80.00) per month each for the same two hours, the Town Clerk receives \$93.00 per month for 3 hours work per day, and the Special Police Officer receives \$115.00 per month salary, plus an extra salary of \$25.00 per month as Pond Keeper, and an extra fee of (\$1.00) per head for all animals impounded, this makes the Police Officer the highest paid person in the town. Now I want to abolish his job because he is not properly performing his duties and is working in and out of the township at Painting for General Contractors, and direct with owners. He worked at Watkins Restaurant No. 2 on the Highway and at the Pearlington Restaurant. He has worked in Bay St. Louis, and many private jobs, one at Gulfside Negro School. He was appointed by the Mayor and Board of Aldermen, and is supposed to be under the supervision of the Marshal, and subject to his orders, according to the State Law, but takes all orders from the Mayor, and will not take orders from the Marshal, these above facts have all been taken up with the Board of Aldermen in meeting and they do nothing. He is not bonded as the Marshall and any police officer should be.

(Signed) **JOHN A. GARZA**
Alderman of 1st Ward, Town of Waveland, Miss.
